My Dear Alumni,

Warm greetings from Buxi Jagabandhu English Medium School, Bhubaneswar !

I hope this letter finds you and your loved ones in the best of health, happiness and success. As the proud Principal of this cherished institution, I take this opportunity to reach out to you—not just a former student, but a lifelong member of the BJEMS family, whose achievements continue to bring pride to our institution.

On behalf of the entire BJEMS Community, I write to you today with a deep sense of pride and a hopeful vision not only to reconnect but also to seek your generous support for a noble cause that will directly impact the present as well as the future of our beloved school.

Dear alumni, over a period of more than 52 years, Buxi Jagabandhu English Medium School has steadfastly upheld the ideals of academic excellence, discipline, and holistic development. Meanwhile, you have achieved success in your respective fields and are uniquely positioned to understand and appreciate the foundational role of your School in shaping your careers and lives. We too feel gratified to have played a small but meaningful role during the formative years of accomplished individuals like you.

Your School continues its commitment to providing quality education and care, fostering skilled and well-rounded individuals who will like you, be well equipped to make a more positive impact on the world as responsible citizens of tomorrow.

You may be aware of the fact that Buxi Jagabandhu English Medium School operates as a self-financed institution, and **school fees are its sole source of income**. While we are committed to providing quality education at an affordable cost, the reality is that the fees collected are increasingly insufficient to meet the rising **operational expenses, infrastructural maintenance, faculty salaries, and most importantly, the much-needed developmental and modernization work like upgrading Class Rooms, Science and other Laboratories, better facilities for promoting sports, art and craft**, expanding library resources, a spacious auditorium, enhancing digital learning tools primarily to match the demands of fast evolving education system of the country. With the limited resources, we face growing challenges in maintaining safety and hygiene standards and providing scholarships to meritorious and underprivileged students.

In this context, we turn to you—our valued alumni—to come forward and contribute generously towards the **developmental fund of Buxi Jagabandhu English Medium School**. Your contribution will not only help us bridge the resource gap but also ensure that the legacy of academic excellence continues uninterrupted. More importantly, it will give us the confidence and courage to think, dream and act big.
