Vol.- XVIII

April 2016

Issue No.- 22

From the Principal's Desk

Dear Students & Parents,

Welcome to the New Academic Session 2016-17.

The beginning of a new session is always marked with excitement and apprehensions - a time for new books, new hopes, new activities, new adventures and perhaps new classmates, teachers, new challenges to face and new memories to make. It also brings in renewed energy and strengthening of our resolve to fulfill all that has been planned. There are new goals to identify and dreams to be turned into reality.

The last academic session 2015-16 witnessed a lot of changes and achievements but a lot more is left to be explored and conquered.

You must have observed the beautiful rhythm in nature 'the sun rises and sets' the night is followed by day, seasons come and go, so do the years, the entire universe follows a pattern. We too have completed a cycle and about to start another, so children get ready for another exciting year. Don't allow negative circumstances to destroy you. If you have learned from your experiences this session should be better. Surround yourselves with people, particularly friends who will lift you up and show you the road to success.

Please remember that each and every one of you play a key role in helping us at BJEM School achieve our vision and mission that is to "Empower you- our students in all spheres". So study well, participate healthily in different activities, give your best and enjoy your educational journey.

Best wishes for a very eventful and productive Academic session 2016-17.

Ms. Sandhya Jena
Principal

EDITORIAL

*"Live as if you were to die tomorrow
Learn as if you were to live forever."*

-Mahatma Gandhi

Endowment, Encouragement, Excellence

Dear students,

You are endowed with natural abilities and uncommon hidden talents. The qualities you possess are extraordinary and exceptional. In this context, the school endeavours to illuminate and embellish the growing buds, encouraging and inspiring them in the special phase of their childhood and taking them towards higher degree of excellence.

The School aspires not only to groom and nurture the students into global citizens but also to instill the values of integrity, respect and allegiance among them in this Era of responsibility. The teachers are not only your Instructors but who act as your role-models and guides, who help you to string your ideas like beads paving the way to flourish. Your burden of efforts will always be our priority.

Children, you are amazing. Remember that, never stop believing in hope because miracles happen everyday. Never doubt your caliber. Just be proud of yourself. Because people always doubt the "Gold" for its purity, not the "Iron". Students, 'Ideas don't work without you doing the work.' We believe in you. You are the custodians and stewards who have made us proud. Education is a wonderful blessing and knowledge has the ability to change anything at anytime.

God has four gifts for you!
A key for every problem!
A light for every shadow!
A plan for every tomorrow!
and A joy for every sorrow!

"Tamaso Maa Jyotirgamaya"
May darkness be dispelled and light prevail.

"Mrityormaa Amrutang Gamaya"
May the destructive forces of ignorance be overcome and eternal bliss prevail.

Liza Das
Editor in-Chief

Time is like a river. You cannot touch the same water twice; because the flow that has passed will never pass again. So, dear students, 'enjoy every moment in life and always put your best foot forward. Never have doubts on your ability. Every morning you remind yourselves.

'I am the best!' You won't do it to effuse pride or arrogance but to infuse confidence in yourselves.

PRIDE OF BJEMS
