

PARENTS NOTICE (Lower Nursery to Std. XII)

We are pleased to inform you that our school has adopted EDUNEXT, a new ERP System that will help us to improve communication and collaboration between parents, teachers and school administration.

EDUNEXT is a cloud-based system that provides a variety of features that will benefit our students and teachers. These features include ;

- A mobile app for parents that allows you to view your child's academic progress, schedule, attendance and report card.
- The ability to communicate with teachers through the app.

We encourage you to download the EDUNEXT app or create an account on the portal as soon as possible. Once you have created an account, you will be able to log in with your username and password.

We believe that EDUNEXT will be a valuable tool for our school community. We appreciate your co-operation in using this new system.

N.B. : EDUNEXT Mobile App and Parent Portal guidelines is given in the school website.
